

Infection and Immunity in Children
29 June – 1 July 2018

The Mathematical Institute and
St Anne's College, Oxford

Friday 29 June

7.30-8.30	Breakfast at St Anne's for residential delegates	
8.00-9.00	Registration and coffee at The Maths Institute for all delegates	
9.00-9.30	Welcome and App connection	Andrew Pollard, Adam Finn, Nigel Curtis, Simon Dobson, Octavio Ramilo, Adilia Warris and Annemarie van Rossum
9.30-10.00	How to stop influenza	Jonathan van Tam, Deputy Chief Medical Officer for England, Department of Health, UK
10.05-10.35	The importance of rotavirus infection in developing countries	Cherry Kang, Executive Director, Translational Health Science and Technology Institute, India
10.40-11.10	Dilemmas with rotavirus vaccine: the neonate and the immunocompromised	Manish Sadarangani, Assistant Professor, Division of Infectious Diseases, University of British Columbia, Canada
11.15-11.45	Coffee	
11.45-12.15	TB meningitis: improving outcomes	Guy Thwaites, Director of Oxford University Clinical Research Unit in Vietnam and Professor of Infectious Diseases, University of Oxford, Vietnam
12.20-12.50	CMV and HSV in the infant: are we over-treating herpes infections?	Rich Whitley, Distinguished Professor at the University of Alabama at Birmingham, USA
12.55	Scoring of morning session	
13.00-14.00	Lunch	
14.00-15.00	ID Case Rounds 1	Nigel Curtis, Professor of Paediatric Infectious Diseases, University of Melbourne, Australia
15.00-15.30	The latest on Leishmaniasis	Robert Davidson, Consultant in Infectious Diseases, Northwick Park Hospital, UK
15.35-16.05	Consulting in infectious disease: Where is the red line?	Simon Dobson, Medical Director, Infection Prevention and Control, Sidra Medicine, Qatar Foundation, Qatar
16.10-16.40	Tea	
16.40-17.10	What can we do about antimicrobial resistance	Mike Sharland, Professor of Paediatric Infectious Diseases, St George's, University of London, UK
17.15-17.45	Making sense of the evidence for treatment of otitis media	Paul Little, Professor of Primary Care Research, University of Southampton, UK
17.50-18.20	Vaccine hesitancy: don't hesitate	Heidi Larson, Professor of Anthropology, Risk and Decision Science, London School of Hygiene and Tropical Medicine, UK
18.25	Scoring of afternoon session	
18.30	PID Diploma reception and presentation	The Common Room, The Maths Institute
19.30	Dinner at St Anne's College	

Saturday 30 June

7.30-8.15	Breakfast at St Anne's for residential delegates	
8.30-9.30	Debate	Andrew Pollard, Professor of Paediatric Infection and Immunity, University of Oxford and Adam Finn, David Baum Professor of Paediatrics, University of Bristol, UK
9.30-10.00	Evidence based diagnosis and treatment of sore throat	Paul Little, Professor of Primary Care Research, University of Southampton, UK
10.05-10.35	Coffee	
10.35-11.05	Should we take note of noro?	Cherry Kang, Executive Director, Translational Health Science and Technology Institute, India
11.10-11.40	What causes meningitis today: needles and haystacks	Manish Sadarangani, Assistant Professor, Division of Infectious Diseases, University of British Columbia, Canada
11.45-12.15	Improving outcome in bacterial meningitis	Heikki Peltola, Professor, Head Emeritus of Paediatric Infectious Diseases, University of Helsinki
12.20-12.50	Why should we advocate maternal immunisation?	Helen Chu, Assistant Professor Division of Allergy & Infectious Diseases, University of Washington, USA
12.55	Scoring of morning session	
13.00-14.00	Lunch	
14.00-15.00	ID Case Rounds 2	Octavio Ramilo, Henry E Cramblett Chair in PID and Professor of Pediatrics, Ohio State University College of Medicine, USA and Annemarie van Rossum, Associate Professor of Pediatric Infectious Diseases and Immunology Erasmus MC, The Netherlands
15.00-15.30	When to think of Rickettsia	Emmanouil Galanakis, Professor of Paediatrics and Infectious Diseases, Department of Paediatrics, University of Crete, Greece
15.35-16.05	Tea	
16.05-16.35	Biomarkers for infection	Annemarie van Rossum, Associate Professor of Pediatric Infectious Diseases and Immunology Erasmus MC, The Netherlands
16.40-17.10	Genital herpes: preventing it, getting it, treating it	Rich Whitley, Distinguished Professor at the University of Alabama at Birmingham, USA
17.15-17.45	Don't make a fuss, it's just a virus: EBV	Hermione Lyall, Consultant Paediatrician, Infectious Diseases Clinical Director for Children's Services, Imperial College Healthcare NHS Trust, London, UK
17.50	Scoring afternoon session	
19.15	Conference Reception and Dinner at St Edmund Hall	

Sunday 1 July

7.15-8.00	Breakfast at St Anne's for residential delegates	
8.00-8.30	Management of Young Febrile Infants: Lessons from the Last Decade	Octavio Ramilo, Henry E Cramblett Chair in PID and Professor of Pediatrics, Ohio State University College of Medicine, USA
8.35-9.05	Why are you still treating bones for so long?	Heikki Peltola, Professor, Head Emeritus of Paediatric Infectious Diseases, University of Helsinki
9.10-9.40	Bone and joint infection: why do we need a radiologist?	Simon Robben, Professor, Pediatric Radiologist, Maastricht University Medical Center, The Netherlands
9.45-10.15	RSV, antibodies and the developing world	Helen Chu, Assistant Professor, Division of Allergy & Infectious Diseases, University of Washington, USA
10.20-10.50	Coffee	
10.50-11.00	Feedback session	Adilia Warris, Professor, Paediatric Infectious Diseases, MRC Centre for Medical Mycology, University of Aberdeen, UK
11.00-12.00	Infectious Disease Case Rounds 3	Adam Finn, David Baum Professor of Paediatrics, University of Bristol, UK and Simon Dobson, Medical Director, Infection Prevention and Control, Sidra Medicine, Qatar Foundation, Qatar
12.00-12.30	Candida auris - the emergence of a new global pathogen	Colin Brown, Honorary Consultant in Infectious Diseases, Public Health England, UK
12.35-13.15	Kawasaki disease - a clinical update: myths, mysteries and alternative facts	Nigel Curtis, Professor of Paediatric Infectious Diseases, University of Melbourne, Australia
13.20	Scoring of afternoon session followed by concluding remarks and close	
13.25-14.00	Lunch and depart	

Hot Topics In Infection And Immunity In Children – The ESPID-Oxford Course is a residential training course covering topics in paediatric infection for paediatric infectious disease trainees and trainers, and for all those who manage children with infections. Delegates are actively encouraged to participate in the interactive sessions to provide their knowledge and comments about the topics under review. All sessions are plenary.

Aims and objectives:

The aim of this course is to provide both basic information and updates in key areas of paediatric infectious disease for both trainees and senior specialists.

The organising team:

Andrew J Pollard is Professor of Paediatric Infection and Immunity at the University of Oxford, UK

Adam Finn is David Baum Professor of Paediatrics at the University of Bristol, UK and is currently the president of ESPID

Nigel Curtis is Professor of Paediatric Infectious Diseases at the University of Melbourne, Australia

Simon Dobson is Medical Director, Infection Prevention and Control, Sidra Medicine, Qatar Foundation, Qatar

Octavio Ramilo is the Henry G Cramblett Chair in PID and Professor of Pediatrics at the Ohio State University College of Medicine, USA

Adilia Warris is Professor, Paediatric Infectious Diseases, MRC Centre for Medical Mycology, University of Aberdeen

Annemarie van Rossum is Associate Professor of Pediatric Infectious Diseases and Immunology Erasmus MC, The Netherlands

Sue Brockes-Smith is Conference Organiser in the Department of Paediatrics, University of Oxford

Contact information: Sue Brockes-Smith, Conference Organiser, University of Oxford, Department of Paediatrics. Telephone: 01865 611318

Further information and registration facility can be found on our website www.oxfordiic.org
